

Position Description (A/V Technician)

Reports to: Mr. “Coach Nic” Colbert, Chairman & Chief Coach

The Audio/Visual Technician will be responsible for setting up and running all sound and video equipment necessary to run the SSMBA Online Shopping Network. This person will ensure that all technical aspects are running smoothly during the course of the show.

The Work

- Run the technical parts of the show like mixing the soundboard, playing video recordings, enhancing lighting, coordinating graphics, etc.
- Be able to quickly run diagnostics and fix technical errors should they arise during the show.
- Ensure high quality sound and visuals.
- Understanding of hardware, software, and operating systems and how to fix them if need be.
- Ability to run the technology of in-person and virtual events.

The Opportunities

- Become a paid 1099 contractor to Coach Nic DC and its subsidiaries, and eventually have the opportunity to become a salaried employee.
- The opportunity to have direct, consequential, and immediate impact from your performance that builds your career.
